Women's' afternoon

This event was carried out on Saturday, March 19th. This event was a new idea created by BPW del SUR board of directors.

The main aim of this new event was to share a relaxed afternoon with women interested in different topics and to introduce BPW del SUR to all women interested in what we do. The topics shared in this afternoon were: women violence, poetry, human resources and equal pay day.

Fortunately, the event was a success and we are planning to repeat this "Women's' afternoon" every two months.
