**16th European Conference and**  
**Young BPW Symposium**  
**Galway, Ireland**

The curtain has fallen on the **16th European Conference**, dedicated to the theme of **PEACE**: some other pictures, some other posts on social media ... then a nice and unforgettable memory in our hearts and in our mind.

Also from this International E-News a special thank you to the BPW Ireland members for their commitment and the perfect organization of the Conference, the Presidents' meeting and the Symposium of Young.

Four hundred women attended this event from all over Europe and **the world which are** Austria, Belgium, Cyprus, Czech Republic, Estonia, Finland, France, Georgia, Germany, Hungary, Iceland, Ireland, Italy, Lithuania, Malta, Norway, Poland, Romania, Spain, Sweden, Switzerland, the United Kingdom, Ukraine; and also, from America, Africa, **Australia, Nepal and Thailand.**

Four hundred women attended the conference and excellent speakers to change the world, to achieve full equality for all women, everywhere around the world.

But nothing can happen, no development, no progress can exist without Peace and we, as women, must be true ambassadors of peace, in our families, in our association, in our work place, in our society : as women, we have to rediscover some values almost forgotten: respect, kindness, good communication, the human factor.

All together, we can, all together we can change the world! It is only a matter of time.... so dream it, plan it and do it! See you in Reykjavik Iceland 2022.
